

Dear Editor:

When a woman acts assertively, makes demands, and struggles for what she wants, she is labeled a bitch. The secret is to know when and how to turn on (or turn off) that “bitch switch.” Not being able to locate your “switch” leaves you open to being a victim; not knowing how to turn it off will get you a label that is hard to shake.

From Omarosa – the reality star, and global television personality, comes *The Bitch Switch*, the smart and biting honest must-read for every woman who aspires to succeed in relationships, in business, and at home.

Omarosa writes that the role women have played in the past – the nice-girl game plan – is NOT working. In romantic relationships women suffer because they hand over power for love. In relationships and family, women are taken advantage of. In the office, women have been passed over and walked on. Do you want to stop being a doormat and learn how to be tough when necessary? Omarosa shows you how.
